

Premium Licensing Program

THE GRANTSTATION PREMIUM LICENSING PROGRAM (PLP) is a powerful member benefit for your member organizations. PLP enables you to offer full access to GrantStation from the secure area of your website, delivering accurate, targeted, and up-to-date information on available grant opportunities to your audience.

GrantStation offers individuals working with nonprofit organizations, educational institutions, libraries, museums, and government agencies the opportunity to position themselves to win grant awards. With GrantStation, you and your member organizations can find new funding sources in the searchable databases, build strong grants programs with the strategic planning tools, and learn from the step-by-step tutorials on writing powerful requests for support.

Our strict adherence to the highest funding research standards enables government agencies and nonprofit associations worldwide to provide valuable grant information to their constituents. Introducing your member organizations to the myriad of resources offered via GrantStation can bolster their grantseeking efforts; using GrantStation can help bridge the gap between programs and donations.

PROGRAM AND CONTENT MANAGEMENT

One of the most time-consuming tasks for you and your staff is to develop quality content for your website. By incorporating GrantStation into your website, you are adding thousands of pages of information on grantmakers that is being updated continually. Benefits of showcasing GrantStation on your website include:

- No need for additional login information – once your member is logged into your website, they are automatically logged into the GrantStation website.
- PLP includes a Member Dashboard, customized to work with your website platform, that enables your members to save the criteria used in their grant research, save favorite grantmaker profiles, create projects and track the status of each project, and manage their personal profile.
- Quick and easy access to all searchable databases on GrantStation including: Government Grants (state and federal), U.S. Charitable Giving, and International Charitable Giving, for your members trying to identify the right grantmaker – domestic or international – for their projects.
- Receipt of the weekly e-newsletter, the *GrantStation Insider*, via link or self-mail.
- Access to a variety of grants research, writing, and management tools and resources (tutorials, samples, and worksheets).

SECURITY REQUIREMENTS

The following security criteria must be met to qualify for the PLP Program. Partner organizations or businesses must:

- Require unique user names and strong passwords and use SSL to protect them across the Internet. (If you use client certificates, smartcards, or other layers of security please let us know.)
- Participate in a simple security evaluation of your website prior to launching the PLP Program. To perform a security evaluation GrantStation will need *temporary* access to your website.

REPORTING

GrantStation tracks usage defined as number of logins and provides your organization with aggregate usage reports each quarter to help you analyze the adoption of the PLP program among your member organizations.

LICENSE FEES

GrantStation charges your organization quarterly based on the number of logins. (A login is an individual usage session from a user who has access to your website via a unique user name and password.) The base fee is re-evaluated quarterly based on the number of logins reported and adjusted accordingly. There is a onetime set up fee of \$1,000.00 to customize the dashboard for your launch this program.

Log-ins	Quarterly Payment
1 to 500	\$938 per Quarter
501 to 1,000	\$1,875 per Quarter
1,001 to 2,500	\$3,750 per Quarter
2,501 to 4,000	\$5,625 per Quarter
4,001 to 5,500	\$6,250 per Quarter
5,501 and over	Contact for Quote

PROCESS AND TIMELINE

Once the security audit has been completed, it is relatively simple to set up access to GrantStation via your website. You will be required to build a landing page or at the minimum insert a hyperlink into your existing secure website area that will provide access to GrantStation.

Our GrantStation programmer will work directly with your technical staff /consultant to link GrantStation with your website and create the dashboard customization. This is a relatively quick process, taking only a few days for programming, and three days for complete testing and security assurance.

IS PLP RIGHT FOR YOUR ORGANIZATION?

If your organization is comprised of member organizations, chapters, leagues, or subscribers GrantStation is an important and affordable benefit. You can see a two-minute video that [summarizes GrantStation](#), as well as a [short, focused video](#) of the US Charitable Giving database.
