

Membership Value Program

PARTNERSHIP

The GrantStation Membership Value Program (MVP) is a great way for partner organizations to add value to the benefits they already offer to their constituent organizations, field offices or members. Through MVP, partner organizations offer annual GrantStation Memberships at a significant discount to their constituent organizations. The MVP is a simple program to implement, requiring minimal management beyond the initial introduction to GrantStation, and adding a product link and simple content to your secure member's only website area. GrantStation sends your organization a quarterly report showing GS Memberships purchased by your organization's members, along with a check for your organization's portion of the annual Membership fees.
